Future Bhubaneswar School

PROSPECTUS 2027-28

ABOUT FBS

Future Bhubaneswar School, popularly known as FBS, is a leading senior secondary co-educational day cum boarding school, spread across 4.5 acres of lush green campus at Silicon Hills in Bhubaneswar.

Its roots trace back to the shared dreams of BITS Pilani alumni Sanjeev Nayak and Laxman Mohanty. In 1987, the duo left their promising careers in the USA / India to establish Oricom Systems Pvt. Ltd., contributing to Odisha's IT sector. Their commitment to education led to the creation of Silicon School of Information Technology (SSIT) in 1997, offering an MCA program. Later, in 2001, Ramananda Mishra, from the publishing industry, and Nitai Gaur Dhall, working in the aviation sector in Singapore, joined Sanjeev and Laxman to establish Silicon Institute of Technology (SIT) to provide industry-focused engineering education in India.

In 2008, Dr. Laxman Mohanty and a group of educators founded Future Bhubaneswar School to provide holistic education beyond the classroom.

Founded in 2008	Affiliated to **CBSE**	Senior Secondary School Nursery-Class XII	**4.5 acres** Green Campus Area	**2 acre** Play Area
1592 Students	**20:1** Student-Teacher Ratio	**62** Classrooms	**30+** Extracurricular Activities	**7** Laboratories

VISION

We envision becoming a school of eminence, creating future leaders.

MISSION

We strive to provide the skills, values and experiences that will empower our children to achieve their highest potential as students and members of society.

PARTNERSHIPS

Sportify - FBS has partnered with Sportify, a leading sports education company with operations in Singapore and India, to create the best sporting experience for school children.

Torrins - FBS has partnered with TORRINS, a US and India-based music education company, to introduce a custom-developed music education program for our students.

> *"The Times School Ranking Survey 2020 honoured FBS as the **5th best school** in Bhubaneswar and **7th best in Odisha.** In 2021, the Times recognized it as one of the most promising schools in the state."*

BEYOND THE CLASSROOM

FBS, a dream project of Silicon founders, offers a multi-year programme of curated activities in the field of Science, Technology, Engineering, and Mathematics (STEM) with the help of experts from industry and other academia.

Masterclasses
Students connect to a network of experts through interactive workshops and talks

Makers Lab
Students collaborate with senior peers from Silicon to build solutions such as drones, IoT circuits etc.

Summer Programmes
Focused learning in new advancements in STEM, such as machine learning or robotics and other disciplines including language and art

Mentoring
Dedicated advisory panel, alumni, professionals and industry experts mentor students in different fields

The Entrepreneurship Development (ED) Cell at Silicon, one of the vibrant ED cells in the state leads the FBS Entrepreneurship Development Programme

Chairman's Message

It gives me immense pleasure to welcome you to Future Bhubaneswar School, where every child is encouraged to dream, discover and achieve. Our vision is to provide holistic CBSE education from Kindergarten to Class XII, combining academic excellence with strong values, creativity and confidence. We believe education should go beyond textbooks, inspiring curiosity, independent thinking and lifelong learning. With the addition of more infrastructure and advanced facilities for Secondary and Senior Secondary students, we are strengthening our commitment to quality education. Digital classrooms, well- equipped laboratories, a rich library, and excellent facilities for sports and creative activities provide an enriching learning environment. Our dedicated teachers nurture every child with care, guidance and inspiration, preparing them to meet tomorrow's challenges. Together, let us build a school that develops responsible, compassionate and confident global citizens, deeply rooted in Indian values and ready to shape a better future.

N. G. Dhall | Chairman

Principal's Message

At Future Bhubaneswar School, we believe education is not only about marks and merit, but about building character, confidence, and compassion. Every child who walks through our doors carries a unique dream, talent, and perspective. We strive to help our students excel in academics while becoming honest, disciplined, respectful, and kind individuals. We want them to be proud of their culture and ready for the modern world. Our teachers are committed to creating a safe, caring, and inspiring environment where every child feels valued. Through academics, sports, arts, values education, and life skills, we prepare students not just to succeed in examinations, but to succeed in life. We see parents as our most important partners in this journey. I invite you to visit our campus and experience our learning community. Together, let us build a bright and meaningful future for your child.

Mathew Thomas | Principal
