

- Bridge course for Class 11 Science students for Academic Session 2023-2024 will start from 10 April 2023.
- Duration of the course will be approximately two weeks.
- Objective of the bridge course
 - To provide an adequate foundation in Mathematics and Science subjects so that the student does not face much difficulty when Class 11 begins
- Advantage of joining bridge course
 - Will refresh and strengthen the academic abilities of students going from Class 10 to Class 11
 - Will impart essential knowledge about the subjects that they will be learning soon when formal Class 11 starts
 - Will establish a relationship between the learning that has happened in Class 9 and 10 and the learning that will happen in Class 11 and Class 12
 - The student will be better prepared to understand the topics covered in Class 11 when formal session begins
- Subjects covered
 - Key learning concepts in Physics, Chemistry, Mathematics and Biology
